

# QUALITY MANAGEMENT REPRESENTATIVE - NORDICS & BENELUX

*Stockholm, Sweden*

## THE COMPANY

This is an exciting opportunity to join a global Lifescience company at the forefront of healthcare innovation. With almost 10,000 employees worldwide, the company is not just made up of employees but some of the brightest minds in the industry; scientists, innovators, problem solvers and leaders.

If you're looking for a company where growth, progress and discovery are core to the mission, look no further. This company enjoys one of the best employee retention rates in the industry!

## THE OPPORTUNITY

In this role, you'll be the leader for the Quality and Environmental Systems in the Benelux and Nordics countries and the quality representative for the region in Sweden. You can expect to be an active team member building European QMS in alignment with Global RA/QA strategic aims whilst ensuring compliance with the relevant quality/regulatory/environmental standards in the sales business.
